

Hi,

As promised, here is some additional information on the candidates and the IPP Research Scientist search that is now underway.

I have posted an almost complete schedule for the IPP RS visits at various places across the country over the course of the next two weeks.

The candidates have also all agreed to make their CV's available to people prior to their visits. I have put these two pieces of information at:

[http://hep.physics.utoronto.ca/WilliamTrischuk/ipprs/candidate\\_visits.html](http://hep.physics.utoronto.ca/WilliamTrischuk/ipprs/candidate_visits.html)

You will need a username and password to access this page.

It looks like council will meet on April 22nd to discuss the final selection. We welcome your thoughts on each candidate (or all together) once you have met them. Feel free to send those comments to me or any member of council.

I will send more information about the April 22 meeting in a couple of weeks.

William
