completion

Scholarships and other awards received (start with the most recent)

Name of award:

Location of tenure:

Period held
(yyyy/mm - yyyy/mm)

In 200 words or less, please tell us why you would like to part of this programme.

Please ensure you apply separately for an [NSERC USRA](#) fellowship at each of the universities you think you may want to work in May and June prior to starting the CERN portion of the IPP Summer Student Programme. Note that each university has its own deadline. You may also hold an IPP Summer Student Fellowship with a [TRIUMF summer student](#) position, and you should apply separately to TRIUMF if you intend to go that route.

Regarding the above, please list below the institutions to which you have applied or to which you intend to apply. Successful candidates will be provided with a list of potential projects for May and June, but if you already have an idea about potential supervisors, please provide their names next to the institutions.
